Paula Fronk, Ron Horstman, David Bennion,  
and Burke Hawkes  
Western Area Power Administration (WAPA)  
150 Social Hall Avenue  
Salt Lake City, Utah 84111

Dear Ms. Fronk, Messrs. Hortsman, Bennion, & Hawkes:

When the Hopi Tribe began planning our energy fair three months ago, we set out with a specific goal in mind to provide exposure to our Hopi people about energy technologies and development.

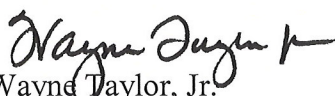

Our tribe is faced with unique challenges, and we have engaged in creative thinking to explore further the development of our resources to build a sustainable homeland for our people.

The energy fair and the educational forum it provided would not have been possible were it not for your participation. Many of you traveled great distances to support us in our efforts resulting in a thorough showcase of energy options.

We appreciate your willingness to share your successes and experiences with us.

On behalf of the Hopi Tribe, I would like to express deep gratitude to you and WAPA for your commitment to our energy fair, ultimately making it incredibly successful.

Sincerely,

  
Wayne Taylor, Jr.  
Chairman/CEO  
THE HOPI TRIBE

*I'm really impressed with your  
commitment.*
